

Fee Free Electrical Pre-Apprenticeship Course

A TEL, in partnership with TAFE NSW Riverina Institute are offering an exciting opportunity to develop the experience and skills that will help you in gaining a job in the electrotechnology field.

If you want to kick start your career in this industry, and gain your white card fee-free then this nationally recognised statement of attainment in electrotechnology is for you. You will learn a mixture of theory and hands on practical skills that will have you work ready on completion of the course!

A TEL will endeavour to arrange work placement on completion of the course to give you the best chance of securing an apprenticeship. On successful completion of the skillset you will gain six units of competency that will be applicable to future qualifications in the electrotechnology field you may undertake.

Course Dates:

5 November - 7 December 2018 Classroom:
Monday, Tuesday, Friday 9:30am - 4:00pm

Venue

TAFE NSW - Riverina Institute Wagga Wagga
Campus

Entry Requirements

Students must be between 15 and 40 years old at the time of enrolment

Have left school

Meet the smart and skilled student eligibility criteria

Meet the apprenticeship and traineeship applications approval requirements

Electrical Pre-Apprenticeship Course

UNIQUE STUDENT IDENTIFIER (USI)

From 1 January 2015, all students studying qualifications are required to register for a Unique Student Identifier (USI) before enrolment. The USI is a Government initiative that will allow you to access all your training records in one place. TAFE NSW Riverina Institute requires your USI to complete your enrolment. To create your USI, simply follow the steps on the USI website (www.usi.gov.au). It's quick, free and you will only need to do it once.

UNITS OF COMPETENCY

Course subjects are called units of competency. You will need to complete the units of competency listed below to be awarded this Statement of Attainment in **Electrotechnology**. Listed below are the units of competency available through this campus. There may be more units of competency associated with this qualification which could be delivered through this campus.

UNIT	UNIT DESCRIPTION
UEENEEC020B	Participate in electrical work and competency development activities
UEENEE101A	Apply OHS regulations, codes and practices
UEENED101A	Use computer applications relevant to a workplace
UEENEE179A	Identify and select components, accessories and materials for energy sector work activities
CPCCOHS1001A	White Card
UEENEE141A	Use of routine equipment/plant/technologies in an energy sector environment
UEENEE143A	Produce routine tools/devices for carrying out energy sector work activities

*This training is subsidised by the NSW Government for eligible students.

**To be eligible you must be: An Australian citizen, Australian permanent resident, Australian permanent humanitarian visa holder or New Zealand citizen; no longer at school; living or working in NSW; aged 15 years or over.
